BUTTE SHUT OUT BY SALT LAKE

Wiggs Delivered the Goods and Evens Up Some.

THEY GOT ONLY THREE HITS

The Big Twirler Was Given Gilt-Edged Support, the Team Playing Errorless Ball.

One of the greatest surprises furnished on the ball grounds here this season came when the home team evened up on Butte to some extent by winning a good game of ball and presenting the gold diggers with a goose egg. The attendance was light, not more than 500 fans being present, but it did not take them long to be come enthusiastic when they realized that the home team was giving them the gilt

edged article. To James Wiggs, the big twirler who was pounded some while in Butte, belongs a great deal of glory for the victory. He pitched a splendid game from start to inish and allowed the hard hitting miners but three hits during the entire nine annings. Then the team behid him sup-ported him on every turn of the struggle, at the end of which it was found they had played an errorless game. You don't see much better baseball anywhere in the

The aucals found Roache for 10 safe hits. The locals found Roache for 10 safe hits, netting thein eight rubs.

In the first inning with two men out the locals stated their run getting. Weed knocked a safe one to right and was followed by Flatnery, Anderson and Wiggs, each getting hits and four runs were brought in, From then on until the eightn it was even up so far as runs were concerned. Hanley then pounded out a fly which was muried by Wilmot, giving the runner a chance to reach second, from which point he galloped home when Anderson contributed a staking grounder in the direction of Ward. In the ninth Shea, Wiggs and Davis made safe ones, which were worth three more numbers for Salt s and Davis made safe ones, which worth three more numbers for Salt

The same teams play again this afternoon. The opposing pitchers will be Lundbaum and Dowling. The summary of yesterday's game follows: SALT LAKE.

The bulk of this money went in at 2 to 1 with Jeffries the money went in at 2 to 1 with Jeffries the lactic. It is beheved that the Corbett end will self today at 10 to 4, and that a large amount of money will be bet. Jeffries and his retinue have left Harbin Springs and taken up quarters at Oakland, where he will remain until the day of the agat. Corbett entertained a number of visitors at his quarters in Alameda and gave a display of his tactics and an exhibition of his athletic course of training. He has been examined by a physician of the Yosemite club and officially pronounced in perfect health and condition and in to make the battle of his life.

Of all the athletic sports none has a firmer hold on the Salt Lake public than that of wresting, occasioned by the fact that there has been less taking in that agame than many of the others. Besides there have been to very ciever and ciedan exhibitious as and this line in Salt Lake the last year or two. Probably the best mun in the business in the west is charlie koss, and he will be seen in a fine exhibition at the Grand theater on Friday high with J. A. Will Store Whisky in Hamburg. Louisville, Ky., Aug. 12.-Kentucky distillers are making preparations for the exportation of 20,000 barrels of whis-ky to Hamburg and Bremen for storage purposes. It is principally of the crop of 1903. This is the first time in the history of Kentucky that any large amount of young whisky was exported and matured in Europe. Here whisky has only been exported about to be forced out of bond. At that time the distillers, rather than pay the tax when prices were depressed, sent ship load after ship load to the warehouses in Hamburg and Bremen.
At this time there is no depression in
